Numbers of exactly matching thread colors are marked in black. Ones that have a close match are marked in red, and ones that have no closely matching color in specific palette, have " --- " in their table cell.

Due to differences between computer monitors, video cards and printers, color swatches displayed in this thread chart may look a little different on various screens or printouts. Please be aware that actual thread colors may look not exactly like the pictures you see on computer screens, or on printouts.
